Thanks, Dan. I meant to convey that it's possible that additional direction will come.

Best,
Meg

Subject: RE: SDSs

Meg,

SDSs for both products already include specific dermal protection statements. The respirator statement can be added to SDSs. What is meant by "interim direction from management"?

Dan

Subject: SDSs

Hi Dan,

For P-18-100 & 102, the PPE language that management has requested be included in the SDSs includes:

- NIOSH-certified respirator with APF 50 if not spray-applied; APF 1,000 if spray applied
- Dermal protection (including impervious gloves, eye protection, and protective clothing)

Note that this is interim direction from management.

Thanks,
Meg
